SHORT-TERM TRADING SOFTWARE LINKED TO ESIGNAL PLATFORM

Stock Wizard, which develops and distributes software for the eSignal platform, has released PriceTrax V4.3, a short-term stock trading software based on support and resistance levels with timing marks denoting the strongest key price levels. Products range from short-term stock trading software to a program specializing in forex trading. PriceTrax V4.3 utilizes an offline scanner that tracks 1,500 of the highest-volume stocks meeting specific criteria. It is currently available for a free 15-day trial.

TECHNICAL ANALYST EXAM PROGRAM RECOGNIZED BY REGULATORS

The Market Technicians Association welcomed the decision of securities regulators to recognize an alternative examination program for technical analysts. The NYSE and the NASD have filed rule changes with the SEC to recognize the MTA's Chartered Market Technician (CMT) exam as an alternative to the Analysis Series 86 examination for technical analysts. Technical analysts are still required to take the Regulatory Series 87 Exam.
