TRADE NEWS & PRODUCTS

Continued from page 70

Published at 9:30 am, the portal's researchers share their trade for the day and tell the online community what to look for when positioning a trade. Each business day places a different currency under scrutiny, allowing traders to see how many analysts are bullish and bearish on the market, and providing professional insight for individual strategy decisions. In the "Pick of the Week," analysts identify the trade they foresee as most promising based on current market conditions. www.dailyfx.com
